Section 3:NAVIGATION Bar

3.1: LANDING PAGE:

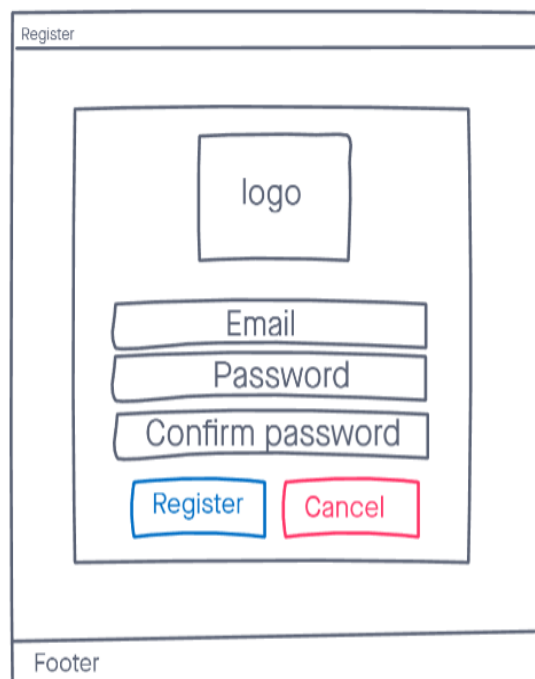

3.2: Login Page:

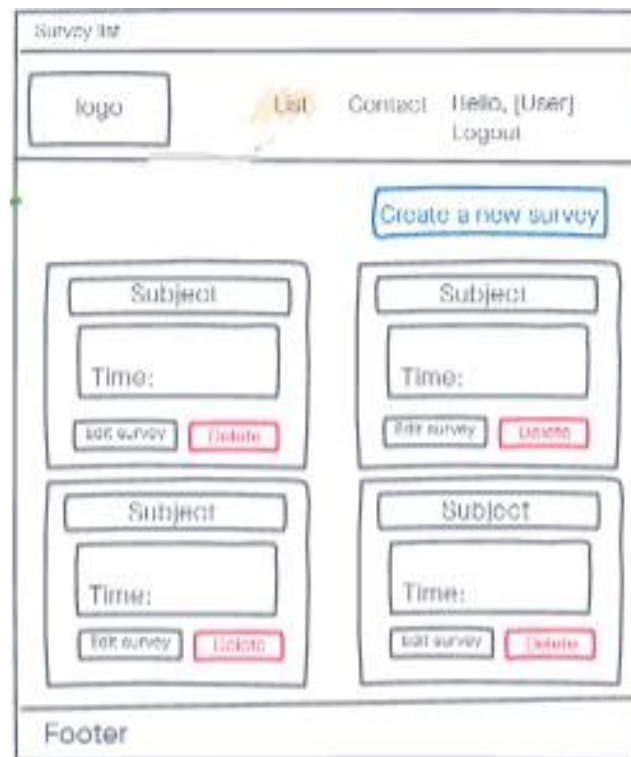

A wireframe diagram of a login page. The page is titled "Login" in the top header. Below the header is a large rectangular box labeled "logo". Underneath the logo are two input fields: "Email" and "Password". Below these fields is a blue button labeled "Login". Below the "Login" button is a link labeled "Register" with a horizontal line underneath it. The page has a "Footer" at the bottom. A green squiggly line is drawn on the right side of the page, starting from the top and ending near the "Email" and "Password" fields.

3.3: Register Page:

A wireframe diagram of a register page. The page is titled "Register" in the top header. Below the header is a large rectangular box containing a "logo" at the top. Below the logo are three input fields: "Email", "Password", and "Confirm password". Below these fields are two buttons: a blue "Register" button and a red "Cancel" button. The page has a "Footer" at the bottom.

3.4 Survey List:

The image is a wireframe of a 'Survey list' web application. It features a top navigation bar with a 'logo' placeholder, a 'List' button, and links for 'Contact', 'Hello, [User]', and 'Logout'. Below the navigation bar is a 'Create a new survey' button. The main content area contains four survey cards arranged in a 2x2 grid. Each card has a 'Subject' input field, a 'Time:' input field, and two buttons: 'Edit survey' and 'Delete'. The 'Delete' buttons are highlighted in red. A 'Footer' section is located at the bottom of the page.
